

## INSTRUCTION OF DOWNLOADING THE RESEARCHER CV FROM WUT REPOSITORY FOR PHD STUDENT SEMESTER REPORT

This attachment allows to evaluate academic achievements only in the case of submitting them to the repository. All achievements should be submitted to the repository. This is the responsibility of the editor from the PhD students' supervisor's unit.

### 1. Log into the WUT repository and search for yourself.

### 2. Choose „Researcher Report”.

The screenshot shows a researcher's profile page on the WUT repository. The page has a navigation bar with tabs: "Profile", "Publications", "Citations", "Statistics", and "Cooperation". The "Profile" tab is selected. Below the navigation bar, there are sections for "Teams in WUT:", "Biogram", "Research area", "Science discipline:", "Employment information", and "Staff group :". On the right side, there is a "Achievements summary" section with a "Researcher Report" button circled in red. Below this, there is a "Bibliometry\*" section with various metrics: "h-index (Scopus Citations)", "h-index (WoS Citations)", "Total IF", "Total SNIP", "Total CiteScore", and "Cumulative ministry score".

# Doctoral School Warsaw University of Technology

3. After entering the report creator, choose the report with the name „Researcher CV” and change the form („Download as”) to PDF.

The screenshot shows a 'Report creator' window with the following settings:

- Report creator:** Researcher CV (highlighted with a red circle)
