BASIC INFORMATION

Starting from the 2022/2023 Fall semester, the admission process is conducted to [one Doctoral School of the Warsaw University of Technology](#), which has been established through the merger of five Doctoral Schools.

Details on the rules concerning the organization and functioning of the Doctoral School of the Warsaw University of Technology can be found in the [Resolution of the Senate](#).

Recruitment to the Doctoral School is conducted by means of a competition, [twice a year](#), for the Fall and Spring semesters.

The results of the competition are public.

At least two months before the admissions, the [schedule](#) with all the significant deadlines as well as the information on the amount of the recruitment payment are published on the Doctoral School's [website](#).

BASIC INFORMATION

- Before applying for the admission, find a potential supervisor in order to establish details of [the prospective research topic](#).

NOTE: the list of research topics **will not be available** in the IRK system.

- A potential supervisor can be found through [the database of supervisors](#).

- Scans of all the recruitment documents must be submitted via the IRK system.
- All the declarations must be printed out, signed, scanned and uploaded in the system.

NOTE: Remember to keep the hard copies of the documents. **After being admitted** to the Doctoral School, they shall be submitted to the PhD Students Office.

- If you are a candidate who is awarded the scholarship within [an external project or program](#), you may apply for the admission to the Doctoral School outside the admissions schedule, within a separate competition. There might be additional requirements to fulfill within the competition.
- If you have [a disability certificate](#), you follow the same admission rules as other candidates. In particular circumstances, however, it is possible to apply for the adjustment of the recruitment process to your needs.
- If you apply for the admission within the [‘Implementation doctorate’](#) program, first you need to meet all the requirements set the by Ministry of Higher Education and Science. In this case, the admission to the Doctoral School may be conducted outside the regular schedule.
